

Keyclad Ltd are committed to promoting the conservation and sustainable use of natural resources, to prevent environmental pollution and to promote energy efficiency in all of its activities and those of its sub-contractors.

To achieve a high standard of environmental performance in the provision of our services and related operations, we are committed to operating and maintaining a certified Environmental Management System that complies with ISO 14001:2004. To promote efficiency this is part of an Integrated Management System which also complies with ISO 9001:2008 (Quality).

It is the general policy, therefore, to:

- Minimise the extent of the environmental impact of all of our operations and those within the company's sphere of influence.
- Liaise with our Clients on potential environmental issues and work with them to address issues and concerns
- Develop measures and set targets for our environmental management performance
- Make regular reviews of this policy and our performance, and institute improvements where possible
- Promote prudent environmental practice in design
- Provide appropriate training for our employees
- Put in place procedures and support information that enable compliance with laws, regulations and codes of practice relating to environmental issues government as well as with other interested parties
- Conserve energy through minimising consumption and maximising efficiency
- Minimise the use of materials, which may be harmful to the environment
- Where possible, promote efficient purchasing which will both avoid waste and which will allow materials to be recycled.
- Assist clients in pursuing energy efficient building by providing industry leading building envelopes
- Employ sound waste management practices
- Recognise and encourage the contribution every employee can make towards improving the Company's environmental performance

This Environmental Policy, together with our Management System, will be, periodically reviewed to ensure their continued suitability within an ever-changing industry.

Signed:

J Charlton - Managing Director
